CERTIFICATION OF VIOLATION CORRECTION

Cdr. Michael A. Clyburn
Commanding Officer
USCG Base Support Unit San Pedro
1001 S. Seaside Ave.
San Pedro, CA 90731

Dear Cdr. Clyburn:

On February 9, 2011, a hazardous waste compliance inspection was conducted by a representative of the United States Environmental Protection Agency ("EPA"), at USCG Base Support Unit ("BSU"), located in San Pedro, California, with EPA Identification Number CA9690308730. During the course of this investigation, information was gathered in accordance with Section 3007(a) of the Resource Conservation and Recovery Act ("RCRA"), as amended {42 U.S.C. §6927}.

Pursuant to Section 3008 of RCRA {42 U.S.C. § 6928}, the EPA required you to correct the identified areas of noncompliance and to submit documentation of their correction to the EPA within 30 days from the date of your receipt of the Warning Letter sent by the EPA on April 27, 2011.

USCG BSU's submittal, dated 27 May, 2011, adequately addresses the violations which were noted during the inspection, and documents BSU's return to compliance with the regulations cited in the inspection report. This letter should not be construed as a determination by the EPA of your compliance with any other applicable regulation.

USCG Base Support Unit San Pedro should continue to take the necessary steps to maintain and ensure compliance with all applicable Federal, State and local environmental requirements. If you have questions related to the inspection report or this letter, please contact Robin Holloway of my staff at Holloway.Robin@epa.gov or (415) 972-3305.

Sincerely,
